THE TIMES-GAZETTE, REDWOOD CITY, CALIFORNIA, FRIDAY, JANUARY 8, 1943

ESTABLISHED IN 1859

DINNER:
Plans
Complete

Final arrangements for the annual Redwood City Chamber of Commerce dinner Jan. 13 were completed this week by the committee on arrangements. George Solari, ticket sale chairman, predicted an attendance of 250, but warned that reservations must be made by tonight in order to insure food under present conditions. The dinner will be served at Sequoia high school's cafeteria. Tickets are on sale at all banks and title companies, the Tribune and the chamber of commerce.

Duncan Reynard, head of the reception committee, will be assisted by representatives of eight co-operating organizations, he announced. They are the Woman's Club, Business and Professional Women's Club, Exchange Club, Kiwanis Club, Lions Club, 20-30 Club, Junior Chamber of Commerce and United War Veterans Council.

Speaker of the evening will be N. J. L. Pieper, special agent in charge of the San Francisco office, Federal Bureau of Investigation.

The arrangements committee includes C. W. Eltringham, William L. Libby, Mrs. Floyd P. McCue, Lloyd W. O'Donnell, Albert L. Pushkin, Sanford T. Ratliff, Miss May Simpson, Dr. W. H. Taylor, Neal Van Sooy and Roscoe D. Wyatt, secretary-manager of the chamber of commerce.

CADDY INJURED

SAN MATEO—Theodore Hoffman, 56-year-old caddy at the California Golf Club near South San Francisco, suffered a fractured left leg and head injuries when struck by a car on El Camino Real in front of the club, police reported.

Wins Featured Role

Nancy Marlow, 20, Redwood City, isn't a stenographer any more. Director David Butler heard her sing and signed her for a prominent place in the Warner Bros. largest musical production.

Nancy Marlow, 20-year-old daughter of Mr. and Mrs. Philip Marlow of Redwood City, has won a place as a featured singer in the Warner Bros. Studio in the studio's biggest musical, "Thank Your Lucky Stars," according to a Los Angeles press dispatch.

Miss Marlow's career was given its impetus in the Redwood City Harbor Festival in 1937 when she was runner-up in a queen contest. In 1941 she was selected by the Los Angeles Junior Chamber of Commerce to preside over various patriotic occasions during "Americanism Week."

Later she became a featured singer with Russ Morgan's orchestra at the Palace Hotel in San Francisco, and for several months she has been a stenographer at the Warner studio.

Recently she was given an opportunity to sing for Director David Butler, directing "Thank Your Lucky Stars," and the Redwood City beauty was signed up for a featured role.

Court Dismisses
Food Indictment

United States District Court in San Francisco has dismissed an indictment against S&W Fine Foods Inc., which operates a plant in Redwood City, charging the company with violations of the Sherman Anti-Trust Act. The company was indicted June 3, 1941, together with 180 western food-packing companies.

THEFT CHARGE

Richard Perry, 39, La Honda farmer, was free on \$100 bail today following his arrest on charges of petty theft. He is accused of taking two bundles of shingles from a neighboring ranch.

PORT MANAGER TO QUIT

A. A. Moran, manager of the Port of Redwood City, informed the port commission this week that he desires to relinquish his post as soon as a successor can be found.

Relief At Last
For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION

Supervisors Re-Elect Beer,
Reappoint County Officials

San Mateo County Board of Supervisors reorganized for the biennium Tuesday, re-electing Fred E. Beer chairman and re-appointing all major county officers.

Dr. C. C. Gans, director of health and welfare who has been serving for nearly four years as a "holdover" appointee pending qualification of a successor, today applied to the county executive and the board of supervisors for reappointment.

"I have been director of the department of health and welfare in San Mateo County for the past eight years and of course I desire to continue in this position," his letter read. It was referred to the county executive.

The board leased Devonshire Country Club near San Carlos

TRIBUNE TO BE
OFFICIAL PAPER

The Redwood City Tribune has been named official paper for San Mateo County for the year 1943. The designation was made by the San Mateo County Board of Supervisors by unanimous action.

for \$1 a year for use of the War Department as a recreation center for soldiers stationed nearby. An inventory and description of the premises disclosed that both the structure and its contents are in a dilapidated condition. The statement of condition was made a part of the lease.

Beer disclosed that the board plans to hire an expert to draft codes of procedure required by a 1942 charter amendment. The board has only two prospects in mind, he said, and anticipates hearing from them before the next meeting.

Appointed for new four-year

Let's write new resolutions upon these clean pages with which begins the record of 1943. Let's shed complacency, smugness, over-confidence. Let's talk less and do more. We've got so much more of luxury, comfort and convenience than any other people on earth that we should write on that blank page:

"RESOLVED, that I shall not complain about
No tires, no tubes.
No new home appliances.
No seat on car or bus.
Rationed sugar, coffee, gasoline
... the many things I must do without now in war to make sure I shall have them again in peace."

"RESOLVED, that I shall...

Waste nothing.
Do no thoughtless spending.
Buy War Bonds and Stamps."

"RESOLVED, that no matter what sacrifice my country may demand of me from now on until the day of Victory, I shall meet it with a smile, and say: That's right! Count me in!"

San Carlos Home
Damaged by Fire

Fire Warden Bert L. Werder said today that only the sudden decision of Mrs. Mildred Walters to return to her summer home in Hidden Valley, San Carlos, saved the structure from destruction by fire Saturday night.

Werder said that Mrs. Walters, whose home is at 251 Post St., San Francisco, was en route to San Francisco when she decided to return to San Carlos. On arriving she found the floor of the living room ablaze from an overheated fireplace.

Hillsborough Man
Heads Herford Group

Nion R. Tucker of Hillsborough was elected president of the California Herford Breeders Assn. at Madera yesterday. He is president of District 1-A Agricultural Assn., which operates the Cow Palace for San Francisco and San Mateo Counties. Tucker breeds Herefords at his Flounee Rock Ranch in Southern Oregon.

A good nightcap is a tall glass of warm milk to which two tablespoons of honey have been added. Or try it as a mid-afternoon drink with cookies for hungry children after school.

loss to minor figures, Werder said.

Community Chest
Continues To Swell

Redwood City Community Chest's fund is still swelling. T. N. Thompson, Community Chest president, announced today. Total to date is \$16,064.82, or \$1564.22 above the \$14,500 quota.

Latest large contribution was \$500 from Bay Meadows race track given through the Kiwanis Club. Several smaller amounts have been received recently. The board of directors is still seeking funds promised by union members, Thompson said.

The board of directors will meet Jan. 14 to allocate the funds to the various Community Chest agencies.

TIRE SHOP: Harry Feldman Opens New Establishment For Redwood City Service

Culminating 3½ years of successful operations in Redwood City, Feldman Tire Service opened a new establishment at 2098 Broadway this week, tailored to war conditions. The new plant will accomplish two purposes, according to Harry Feldman, proprietor:

1. Save customers' gasoline and rubber by providing a central, downtown location where they may combine tire service with the day's shopping.
2. Save customers' time by providing one day service for tire repairs and recapping.

Feldman pointed out that the new plant, which he declares is the largest and best-equipped tire service plant on the Peninsula, has been streamlined for the most efficient service possible.

Since tires are vital to war transportation, each hour lost while tires are in the shop is reflected in the war effort, he pointed out.

At the new Broadway plant, Feldman Tire Service will service tires brought in before 9 a. m. the same day.

Key to the rubber problem, Feldman pointed out, is co-operation with the rationing board.

"The car operator must observe all regulations carefully, and must exercise patience in his dealings with the overburdened local rationing boards," Feldman pointed out.

"Have your tires inspected," he urged. "This is the first step in keeping your car on rubber."

"If your present tires need repairs or replacement, the tire inspector will so certify. You then must go to the ration board, and you will be given priority in accordance with your needs in re-

lation to the national rubber situation."

No priority is required for repairing tires, Feldman pointed out. Any break in the casing two inches or under in size can be repaired immediately without a ration board permit. Breaks over two inches in size cannot be safely repaired and are banned under present federal regulations, Feldman pointed out.

The ration board may give the applicant a priority for any of three grades of tires: (1) top grade tires, now reserved for police, fire, ambulance and other vital service cars; (2) second grade tires, now issued mainly to C card holders, including war plant employees, and (3) Victory tires, recapped tires, or used tires.

Victory tires handled by Feldman are Goodrich tires, Feldman having been named Redwood City agent for the firm. Victory tires, he explained, are manufactured from reclaimed rubber and are expected to last 10,000 miles at speeds under 35 miles an hour. Victory tires are available to A card holders.

Feldman also handles all grades of Goodrich tires, Goodrich batteries and the new Goodrich Speed Warden, designed to aid drivers to keep their cars under 35 miles an hour without constantly watching the speedometer.

The new Feldman plant is equipped with a mechanically operated tire spreader, one of a dozen on the Pacific Coast, designed to speed operations and save time. The tire recapping equipment is the same as that used in the manufacture of new tires, Feldman said.

After the war, Feldman predicted, the tire recapping business will expand to unprecedented volume. The rubber

Judge Sentences 2 to San Quentin

Judge Maxwell McNutt has sentenced two men to San Quentin. One was E. J. Streeter, 42, of Fresno, accused of passing four bad checks for about \$40 in San Mateo in October. He pleaded guilty and admitted he was on parole from San Quentin for a similar offense in Fresno. Judge McNutt said the new sentence on each of the four counts would run concurrently with the balance of the Fresno sentence.

The other was Alonzo Dill, 42, of Burlingame, accused of entering a Burlingame billiard parlor Nov. 4. His motion for probation was denied when Probation Officer Francis Robinson reported that Dill had been convicted of larceny in Iowa in 1933, and of second degree burglary in Oakland in 1940.

shortage, he pointed out, has taught thousands of drivers how satisfactory and economical recapping can be.

"Buyers of recapped tires must not confuse the type of rubber now used for recapping with that available before the war and that which will be available after the normal rubber supply is restored," Feldman said. "We are using reclaimed rubber today, the best available."

Feldman urged all car operators to watch their tires carefully.

"Before you start your car in the morning, you should inspect each tire to see that it is properly inflated and shows no sign of wear from unbalanced wheels, improper alignment, faulty brakes, improper caster or camber, worn king pins, bushings or bearings."

"Every tire we can save is that much more rubber for life rafts, airplanes, army trucks and the other war essentials," Feldman declared.

Associated with Feldman in the tire service enterprise are F. S. (Slim) Roberts, who has had eight years experience in the tire vulcanizing business, and Danny Vignola, service salesman with 10 years experience. Feldman has been in the tire service business for 14 years.

Feldman expressed his appreciation to those advertisers who assisted him in today's public announcement of the opening of the new tire service headquarters, and to his new neighbors, the Occidental Creamery, for co-operation in opening his new plant.

He invited the public to inspect the plant and its equipment.

U. S. Treasury Department.

"Wait! On second thought you ought to make a good son-in-law!"

Exchange Club President Names 16 Committees

Lloyd W. O'Donnell, president of the Redwood City Exchange Club, this week appointed 16 committees to handle club functions in 1943. The club voted to attend the annual Redwood City Chamber of Commerce banquet Jan. 13 in a body, despite the fact that the annual installation of officers is scheduled three nights later. The meeting of Jan. 19 will be cancelled.

The club voted to enter a quartet in the contest currently sponsored by the city recreation commission.

New Demurrer Filed In Paternity Case

Atty. J. E. McCurdy of San Mateo has filed another demurrer to the \$100,000 suit of Cornelia Van Ree for damages from her brother-in-law, G. E. Turner of San Mateo. Miss Van Ree, unwed mother, claims Turner is the father of her baby girl. Previous demurrers by McCurdy have been sustained by superior court. The new demurrer will be heard Jan. 18.

In another action Miss Van Ree is suing Turner for \$60 monthly support for the child. Trial has been set for Feb. 10.

Contributors Sought

Redwood City's Red Cross blood donor record to date had received special recognition today as the local Red Cross headquarters announced receipt of the army-navy "E" for high achievement in this field. Donations here total 833 pints of blood.

Best monthly record for blood donations was made in December when 193 pints were given, according to officials. Contributions from 167 donors were received in November.

Urging local citizens to aid this vital service for the armed forces, Mrs. Schmidt declared that many more donors are needed if Redwood City's quota of 200 pints of blood a month is to be met.

"We have made a good record in the past," she said; "but we must not fail to fill our quota at any time. A wounded soldier, perhaps one of our own boys, may lose his life because a necessary blood transfusion could not be given in time. A gift of blood is small sacrifice to make for one who is risking his life for our country's freedom."

Registration may be made by calling Red Cross headquarters at Broadway and Jefferson (RC 118). Many appointments are open for both Friday and Saturday between 9:30 a.m. and 2:30 p.m.

"We are not likely to get 100 donations from 100 applicants," Mrs. Schmidt said. "Some persons have to break appointments for necessary reasons. Others may not meet the physical requirements and must be refused. Therefore a waiting list subject to call should be available. The Red Cross asks the support of every citizen in good health between the ages of 21 (18 with parents' consent) and 60, at least five feet tall and weighing at least 115 pounds."

BATTLES these days are fought in the air, on sea, on land—and with the help of the Nation's communication lines.

Operators, handling the greatest volume of calls in the telephone's history—calls dealing largely with war and war production—occupy a "battle station" of vital importance.

You can help them to bring Victory closer. Though materials for more telephone lines are not available, due to war's requirements, you can help keep the lines clear for war by making only vital calls to the war-busy centers.

Your cooperation helps us to serve you and our Country. We deeply appreciate it.

Ford Optimistic About Future

A golden age of production for better living will come with the return of peace. So thinks Henry Ford of Detroit, who believes "there need be no post-war depression. The great airplane plants and the vast airfields we have built for war purposes," he says, "will be turned into the purposes of peace when this war is over. There will be no waste in these vast plants, be assured of that."

Ford's optimistic view of the future appears in a new book titled "A World to Live In," which presents the war-and-peace aims of 30 distinguished leaders of thought and men.

Declaring that "there is no future without work," the famous industrialist foresees that "there will be more and more kinds of work developed. There will be new inventions—if not immediately, then later. There is enough immediate work in completing the things we have already developed. Nothing invented in the last 40 years has yet attained its final or definitive form. We have just touched the fringe of our inventive genius."

Alongside Ford's views, "A World to Live In," presents those of H. G. Wells, Mohandas K. Gandhi, Arthur Holly Compton, Henry A. Wallace, George Bernard Shaw, Charles F. Kettering, Stuart Chase, and some 20 other thoughtful men. Produced on a not-for-profit basis to insure wide distribution, this pocket-size book of 96 pages is available at 25 cents a copy. Rotary International is the publisher.

Cigaretts Urged For Servicemen

"Start the New Year Right," says the headline, "With the Right Combination for More Smoking Pleasure." The current Chesterfield theme is continued in the copy which points out the importance of proper blending in giving smokers a milder, cooler and better-tasting cigarette. The advertisement is illustrated with the picture of an attractive young woman dressed in the uniform of the American Women's Voluntary Services. In one hand she holds a sheaf of war bonds and stamps and in the other a letter and a carton of Chesterfields.

Reports from men in the service indicate that no gift is more welcome than cigarettes. On distant fronts, like Africa and the South Pacific, next to a letter from home there is nothing the men would rather receive than cigarettes made in the U.S.A. Chesterfield points this out in its newspaper and radio advertising and urges its readers and listeners to send cigarettes regularly to men in uniform.

Old Age Assistance Decreases Slightly

Old age assistance was given to 1178 needy persons in San Mateo County during November, 1942, compared with 1199 receiving this kind of relief during January, 1942, California Taxpayers' Assn. stated today, following its analysis of aged aid in California counties.

During November, the total amount paid to the needy old people in the county was \$43,047, compared with \$43,301 for January, 1942. Average aid per person amounted to \$36.54 in November and \$36.11 in January, 1942.

Soldier Injured In Bayshore Mishap

Ralph L. Lovell, 20, Camp Roberts soldier, was injured early Monday when he lost control of his car while trying to break a shorted circuit in his automobile, according to a California Highway Patrol report.

Traveling south on Bayshore Hwy. at San Mateo, the CHP report said, a short circuit caused wiring under the dashboard to burn. Lovell tried to break the wire but lost control of the vehicle which left the highway and rolled into the salt swamp which borders the highway. Lovell was taken to Mills Memorial Hospital. He suffered a broken back.

MENLO PARK NEWS

By D. E. O'KEEFE

MENLO PARK—Miss Josephine Gorman is here from Brooklyn, N. Y., to spend the Winter with friends. Miss Gorman is a music teacher. She may organize a class here.

Miss Mary O'Brien, 46, a native of Menlo Park, died suddenly Friday of last week and was buried from the Church of the Nativity on Monday. Miss O'Brien was a graduate of St. Joseph's Parochial School and the state normal school at San Jose. For several years Miss O'Brien taught at Garfield School on Middlefield Rd. She was a capable instructor and well liked by her pupils. She is survived by her father, John O'Brien, and a brother, who resides at Palo Alto.

Joseph Taylor, who died at Burlingame this week, was a former resident of Menlo Park, where, for a time, he was engaged in the wood and coal business. Later he became a fireman for the Southern Pacific Co., retiring from the company as an engineer. His wife is the former Mary Flannagan, who comes from a pioneer family of Menlo Park.

It's going to be a dry Winter. No wild pigeons nor robins have arrived yet. Old timers take this as a sure sign of a dry season. It's just as well; everything else is dry.

It is rumored that there will be at least three candidates for the two vacancies occurring on the board of town trustees next April. The aspirants for municipal honors are all well known.

Just as soon as any reduction is made in building materials, work on three homes will start in the Flood property. The owners are San Francisco people, one a well-known doctor.

The Native Daughters will give a card party in the Legion Hall, Oak Grove Ave., on Thursday afternoon, Jan. 14. Good prizes will be awarded winners.

DRIVING CHARGE

Jacob A. Stahl, 56, 100 Barney Ave., Menlo Park, was arrested Saturday night by Redwood City police in the 300 block of Winslow St. on a charge of drunk driving. Taken to the county jail he was later released on \$100 cash bail.

Bank Prepares Tax Table

A quick, simple way for individuals to estimate the amount of income taxes they will pay in 1943 is provided by the new Income Tax Estimating Table just published by American Trust Co.

Available at all American Trust Co. offices, the table shows at a glance the approximate amount of federal and state income taxes due on 1942 incomes as well as the new Victory Tax to be withheld from salaries in 1943. Separate columns apply to single people with no dependents, married people with no dependents and married people with two dependents.

In compiling the table, California community property laws permitting the division of income between husband and wife were taken into consideration wherever advantageous.

By reference to the table, individuals may determine approximately how much they must set aside each month to meet quarterly income tax installments with a minimum of difficulty.

City Police Jail Soldier Policeman

Arthur Moquin, 24, a member of the military police stationed in the Bay Area, was arrested early Wednesday by Redwood City police on a charge of auto theft.

Policeman C. V. Stafford and E. B. Whitmore apprehended Moquin at the intersection of El Camino Real and Charter St. at 2:30 a.m. when he appeared suspicious to them.

Police Arrest Two For Auto Theft

Two youths were in the county jail at Redwood City today following their arrest at 3 a.m. on El Camino Real near James Ave., Redwood City, on charges of automobile theft. The arrests were made by Policemen Robert F. West and Earl Whitmore, and Paul Jensen of the county sheriff's office. The car had been stolen in San Francisco, according to Redwood City police. Arrested were Daniel J. Louiden, 22, who gave his address as Long Bottom, O., and a 16-year-old boy who said his home was at St. Louis, Mo.

'A' Card Holders May Obtain Tires

Tires for "A" card holders— with ration board priorities—are available in Redwood City today, according to Harry Feldman, tire service firm proprietor who is opening a new establishment at 2098 Broadway.

"A" card holders may obtain either new Victory tires, product of Goodyear and constructed from reclaimed rubber, or recapped tires.

Victory tires, Feldman explained, are expected to last for 10,000 miles at the 35 mile speed limit.

Toastmasters Discuss Post-War World

Members of the Toastmasters' Club this week held a panel discussion on "How Can We Build a Better World After the War?" Louis B. Dematteis spoke on "A World Government"; Albert L. Armitage, "World Trade and Natural Resources"; Louis Horvath, "Treatment of Conquered Nations," and Daniel Connor, "Russia's Part in the Post-War World." James A. Batchelor was chairman. Dr. Virgil Anderson was critic.

The New Zealand Tuatara is the sole survivor of a prehistoric reptilian order of animal. It is found nowhere else.

SCRAP: Local Dealers Win Award for Exceeding Quota

Sam Gold and Luke Gluskin, scrap dealers, 761 Woodside Rd., Redwood City, today had received an award that in the scrap industry is the equivalent of the navy and army "E" award, ed to shipyards and other war plants. The award was made to the Redwood City scrap dealers because they almost doubled their quota of 26 tons of scrap metal during November—processing and delivering 50 tons.

ation as a spur to more and more efficiency on the part of wrecking yard proprietors and scrap dealers.

The auto wreckers and scrap dealers, Breuer said, are vital "manufacturers" of scrap metal and the WPB is working in close touch with them to make certain, first, that the scrap gets into the hands of the wreckers and dealers and, second, that they handle it efficiently and speedily.

Defense Council Seeks Knives

An appeal for long-bladed hunting knives for use by American military troops was voiced today by Mayor Floyd D. Granger, acting in his position as chairman of the civilian defense war council.

The mayor explained that because of their length and weight, the regulation bayonet sometimes puts American boys at a disadvantage in jungle fighting whereas the long-bladed hunting

knives are of a much handier construction.

Knives will be used, he said, to hack paths through jungles, right japs at close quarters, kill sharks and spear fish when rations are exhausted.

Headquarters for the "save a life with a knife" campaign will be at the police station in the city hall.

P.A. School Offers Pipefitting Class

Formation of a class in pipefitting was reported today by A. W. Manners, supervisor of Peninsula Defense Training Center, 2801 Middlefield Rd., Palo Alto. The class, which starts Jan. 7, is designed to give supplementary training to persons employed in the pipefitting department of Bay Area shipyards.

Instruction will be given in theory, blueprint reading, nomenclature and shop procedures.

Meal Planning in Wartime

We're making readjustments everywhere these days. Meals are likely to be a bit topsy-turvy with eggs, for example, going over to the dinner menu, and being replaced at breakfast with whole grain cereals. But even if foods have to be shifted around, our meals shouldn't... mustn't be lopsided or out of balance.

Nutrition's the Thing

The pace we've set for ourselves on the home front makes it doubly important that we get our full quota of health and energy-giving vitamins, minerals, proteins and other food essentials. It takes a bit of maneuvering so precious vitamins are not sacrificed.

That's where a simple, working knowledge of nutrition pays dividends. If you have more than a flavor acquaintance with foods... if you know what each contributes to the well being of the family, then it is a simple matter of nutritional calculation to know what replacements to make on the menu.

For instance, if you've used your quota of meat for the time, then you can build your menu around other protein-rich foods such as eggs, cheese, dried beans and peas, fish or fowl. Down through the menu you can go replacing those limited foods with more plentiful ones which contribute the same nutritional elements.

Avoid Monotony

As the variety of foods grows less, meals are likely to become a trifle on the tiresome side. Monotony discourages appetite, and poor appetite cuts down on efficiency. Get out of the cooking rut by serving those day-in-and-day-out foods a little different each time.

Try baking those eggs with cheese or chili sauce, or serve creamed, chopped hard-cooked eggs over steamed rice. A dash of paprika, a few drops of meat sauce, that ever-faithful onion or an iota of spice work wonderful changes in an ordinary dish.

Macaroni and cheese can be varied no end by adding sauteed chopped onion, celery or green pepper or by pointing up the flavor with tomato or chili sauce, a sprinkling of sage or garlic salt.

Wartime Homemaker's Guide

Be sure to get your free copy of the Family Circle Magazine—it's out every Tuesday. In it, you'll find Julia Lee Wright's articles in a new wartime uniform and chocked full of ideas, menus, recipes and helpful hints to see you through this culinary upheaval.

Oranges and Grapefruit to the front

Oranges and grapefruit are right up in the front lines, nutritionally speaking, with their richness in vitamin C and valuable minerals. As for versatility, they'd win a medal any time!

SLICED ORANGE SHORTCAKE—Slice oranges thinly, place between layers and on top of light sponge cake. Top with thin custard sauce. Simple but oh, so luxurious in taste.

CITRUS HONEY DESSERT—Alternate segments of oranges and grapefruit in fruit cups, top with thinned honey (half and half honey and water or juice), chill before serving. A perfect dinner conclusion.

Prices in this ad are effective Tuesday, Wednesday, Thursday, Friday and Saturday, January 5, 6, 7, 8 and 9 in San Francisco, Oakland, Berkeley, Alameda, Richmond, Hayward and other cities and towns in San Mateo, Alameda, and Contra Costa Counties.

Are you getting the most of the best from your produce money?

If you are not, do this—Buy your produce by weight at Safeway. You'll find that you get every ounce of value for your money—all produce sold at Safeway is guaranteed to be farm-fresh.
